GEORGIA }
WILKES COUNTY)

We the undersigned neighbours and acquaintances of Mr. Robert Parker , Beg leave respectfully to represent that he is one of the first Class of Wilkes County Militia Commanded by Captain Mathew Phillips, That although he is an able bodied and ever willing to render to the Country his aid for its support Yet nevertheless the distressed and verry helpless condition of his wife and three small children calls aloud for his personal attendance upon him whose sustenance alone depends entirely upon his manual labour, his affectionate wife is now and has been for several years utterly unable to walk, stand, feed herself rise up & turn herself over in bed or to perform any of the ordinary functions of life without personal aid &c. The tender relation between husband and wife we need not mention you will no doubt readily perceive that it is almost Essentially necessary he should remain with his family. We would further represent that he is although an industrious man in indigent Circumstances also entirely unable by any means to procure a substitute &c.

Under all these Circumstances we take the liberty to recommend that the said Robert Parker be exhonerated from the tour of duty now about to be called for as one of the first class as aforesaid Given from under our hands October 1814

Sir!

The honor of your's of the 7th Inst. was handed to me by Major Albercrumbey with the Several letters accompanying it - My having been almost constantly on fatigue parties ever since the earliest date in August last past, has prevented my weekly returns' being sent to you, Sir, regularly - I am now about making them from the 1st of August to the 31st of September, as also my pay-rolls for the 1st quarter - That, the election, the dispatching express according the orders to me, contained in your last, will prevent my being at Major Albercrumbey before friday the 11th instant - I have also had to arrange for the transport of the prisoners at Augusta & several other orders to comply with, since my return from our last tour - I hope one day will not derange the measures you may have taken, as I shall start ready to execute any command of your's or the Brigadier - General -

In that expectation I remain with respect

№ 65

Sir -

I have received this day yours of the 6th Inst. I am sorry that you are put to the trouble to send for the papers, I have done all that has been in my power to get them ready, but has been prevented by the Justices not superintending the Ellections for the Officers of the new Districts - there has been two days appointed in Crewses district and the Justices have not attended - I have advertised to attend on Saturday the 19th of this Inst. myself where I shall have an Inspection of the Arms & Accourtrements of the said Company, and I will send the whole of the papers of Franklin County to the Iron works on the 22nd Inst. as I conceive it too long for the Dragoon to wait for them if you should not have an opportunity to get them from thence I can send them in a few days after to your Office in Augusta

You requested to know if Capt.n Williamsons Troop was distributed to their diff.d stations or not - I understand that they are to be discharged and Capt.n Easley to take place on Monday next -

I am with due

Esteem

Yours &c

Savannah 14 October 1793

Sir

Agreeably to your Excellencys Order of the 4th instant and Major Meriwether your Aids letter requesting my presence in the Counties of Glynn & Camden I shall sail this day in Saunder's Pilot boat to put that Order into execution

I should have set off sooner by land had the Rivers not continued high, and the difficulty of procuring any thing for Man or Horse a great proportion of the way rendered it most impracticable. The Contractors ~~tour~~ sent was about procuring a conveyance for provisions & I thought it best for him and most adapted to the service I was ordered on to engage a quick sailing boat. I shall call in at St Simons & issue a ten days order for convening the Officers of that County. I also think it proper to take two of the Officers from Glynn on to Camden to sit on the Court of Inquiry to regard it more impartial which I shall immediately have held and return in time for the election in Glynn- the whole period requisite for my absence, I expect to be three weeks, if not upward- I shall carry an Aid with me

Since writing your Excellency last, Brigadier General Gunn has arrested L.t Col Carr, & informed me he has ordered him for trial on the 24th instant. I inclose you Copies of his communications in that respect.

I fear this may interfere with the Court of Inquiry which I cannot possibly have held until the 20th

I also inclose your Excellency a letter from L.t Barret, which informs me of the Death Of Capt Williams which is

a great loss to us- All the Troops of Horse are constantly applying about their pay. I observe the paymaster has notified the upper Troops, but not one of the lower Troops.

I am at a loss to know whether it is your Excellencys intentions that the Coleraine Troops shall be altogether disbanded- The Officers are being ordered under arrest, implies that the Troop still exists. The disagreeable Weather, when the post arrived last, deprived me of the opportunity of making the contents of this letter herein known to you, & the opportunity which since have procured me your answer by to days post, presented itself after. It may be well if your Excellency has any further orders in this respect, to engage a Man at Augusta to come across the Country to St Marys Town, on to order M.^{r} Miller the Contractors Agent here to engage an express for that purpose. which may reach me previous to my *trw* the other business. Should the war continue, the men may become serviceable, but I fear they will engage under none but Randolph or Mr Gillis, and the real Officers cannot take command- & insist on their resignation in case they come back.

I shall also feel a difficulty respecting Johnston he will be arrested as Captain & active as Contractors Agent- in the latter capacity I have no power over him.

I wish to hear from your Excellency on those heads

I recommend L^{t} Burdett to succeed Capt Williams and am

Y.^{r} Excellencys

Most Obed^{nt} & hble Serv.^{nt}

Major General

The present alarming account from Charleston & Virginia which no doubt the Corporation will inform you of respecting the Negroes will render the keeping up some of the Troops of Horse & I fear without encouragement. Ways & Barretts(?) Troops will break
Should not an order take place for the Court Martial over the (averted?) Officers

Dr Sir No. 46

After my best Compliments to you I shall take it as a singular faivor if you will enter Capt Joshua Thornton in to my pay role as Capt or sum other officer that will best suit as he was a Capt. and had not a man with him on the scout to the Chatahuche you will therefore plase him in sum situation sa that he may obtain somthing for his services as I thin he well deserves it
