In pursuance of a Commission to us direct from the honorable the superior Court of Wilkes County in the State of Georgia, for the examination of Major General Andrew Pickens and Major Samuel Taylor upon certain Interrogatories accompanying the said Commission, on this present day came General Pickens, and after being duly sworn as the Law directs, reposeth, and saith as follows, Viz:-

1st - - In answer to the first interrogatory this deponent saith, did command the expedition against the Cherokees in the year, 1781. And Elijah Clarke Colonel of the Militia from Georgia, was with him on said expedition.--

2d - - In answer to the second interrogatory this deponent saith that he did consider Colonel Elijah Clarke, his officers and men as part of his Brigade, as they received his orders, and acted upon them, during said expedition.--

3d - - In answer to the third Interrogatory this deponent saith, That there were a number of negroes taken on the said expedition; and he promised in Brigade orders that, with certain restrictions, the same should be equally divided among the Captors.--

4th - - In answer to the fourth interrogatory this deponent saith That the number of negroes captured, he does not recollect, but he appointed three field officers Viz: Colonel Robert Anderson, I Colonel White, and Colonel Isaac Jackson, to hear and determine the claims brought for any property taken from the enemy, or found in their country. and directed that two good men from each Regiment should take an account of the property, and have it divided equally among the officers and men. And as he did not attend himself to the business, he does not know the number of negroes which Col.

Clarke received for his officers and men, but believe he received them in proportion to the number of men in his Regiment. - - 5th - - In answer to the fifth and last interrogatory this deponent saith, That he did make report to the Legislature of this State, of the whole transaction, and of all the property which was captured, condemned, and divided among the different Regiments on that expedition, the number of negroes condemned amounted to nine in the whole of which he believes the Georgians had their proportionable part according to their members, at least so they were ordered to be divided: but he is well persuaded that all the negroes which were divided to the Georgians, and which were condemned, were included in the nine which he reported to the Legislature of this State, who passed an act of indemnity, approving and confirming the same

And W. Pickens

Also came Major Samuel Taylor and after being duely sworn deposed and saith, as follows Viz:

1st - - In answer to the first interrogatory this deponent saith, He did, and acted in the Capacity of Brigade Major.

2d - - In answer to the Second interrogatory this deponent saith, There was a party of men from Georgia on said expedition: and Elijah Clarke was their Colonel; and they did form a part of General Pickens' Brigade.-

3d - - In answer to the third interrogatory this deponent saith, They did receive the orders of General Pickens each day by him as Brigade Major; and also conformed to the same in common with the Regiments from S: Carolina.

4th - - In answer to the fourth interrogatory this deponent saith, They were -

5th - - In answer to the fifth interrogatory this Deft saith,
That Colo Clarkes regiment did receive a share of the negroes
and other property taken agreeable to the number of men; and he
believes it was three negroes, Viz, one wench and child, he per-
fectly remembers, and as well as he can remember, one fellow.--

6th - - In answer to the sixth and last interrogatory This depon-
ant saith, That he recollects perfectly, that the three negroes
which were divided to Colonel Clarkes Regiment, were a part of
the negroes which were condemned, as prize, to be divided among
the captors, and which was included in the nine, which is mention-
ed in the Law of South Carolina, passed to indemnify General Pick-
ens and the officers acting under him in the late war.--

Savannah, Oct 19th 1794

Sir,

I am informed that a report prevails in Camden County, that I have given Captain Randolph orders to make Spanish subjects Prisoners, on the Saint Marys - the object of the present line is to counteract that report, & prevent the disagreeable consequences which might result from the mistake - for I deny that I have ever given any order, of that nature, to Captain Randolph - and should any persons, subjects of his Catholic Majesty, have been captured by the Militia under your command, it is my express order that you cause them to be immediately set at liberty, and give them certified copies of this order; that the good understanding existing between the two Nations be not injured by the event. You will please to observe that this order extends only to prisoners, subjects of the King of Spain taken by Military authority and not to prisoners, such subjects, detained under legal process.

Savannah Oct 19th 1794

Sir,

I have just received your letter of the 9th instant & confess myself much surprised at the observation, that Captain Randolph had my orders to make Spanish Subjects prisoners on St Marys River - to prevent ill consequences & Probably a breach of good understanding between the two Nations, I have thought proper to inform you, that Captain Randolph neither, has, or ever had orders of that nature from me. It is true that a Young Man, by name Smithers, late a Cornet in the Liberty County Horse, being one Morning at my House told me, that a person had arrived at St Mary's who was present when a Spanish Officer, a Mr Atkinson had captured two of Captain Randolphs Men - this, altho I could give implicit credit to it, I thought deserving of further inquiry, & I might have expressed myself, that if it were true, there would be orders for retaliation - I desired Smithers to bring the Man to me, who came from St Marys that I might ascertain the fact, by taking his Oath respecting it; but I saw nothing of the Man & a day or two after, Captain Armstrong who was here sick, & had received intelligence assured me, that the whole tale was groundless

Please to hand this letter to the Commanding Officer of the Militia of Camden to whom I also write for fear the line to him may miscarry.

I am Sir &c &c

Dr Sir/

Since the resignation of Capt Cope I have not been able to have any Duty done by that Company - The one half of the Company has requested to let them join the Next Company to them which is Commanded by Capt Roglen - the other half with a part of Capt ONeals Company, which Capt ONeal has consented to strike of his List, has Petitioned me to permit them to form a Company - This if granted will be given the people Satisfaction and Duty would be done by them - But there is an obstacle which is Mr Cuyler the Lieutenant of the Company formerly Commanded by Capt Cope - what is to be done with his Commission - I have repeatedly requested the Magistrates to hold an Election but they have not and I understand the Men are determined to do no Duty unless they are permitted to join other Companys. I would wish to Act with every peace of Delicacy on Mr Cuylers account, and now rest the Business with you.

I am respectfully

To His Excellency Governor Mathews

The Petition, of Sundry Inhabitants of the County of Liberty humbly sheweth, that your petitioners are informed that the Troops which is allotted as a cover to this county will be stationed at Beards Bluff; a distance of Thirty Miles from the skirts of this settlement.

Your petitioners beg leave to remind His Excellency that at that distance the Indians will in all probability have it in there power to commit depredations undiscovered and no doubt make their excape as formerly. Whereas if that detachment was stationed immediately on the Frontiers of this Settlement it is reasonable to suppose the Savages would be deterred from coming in if we may Judge from experience, please observe there was no depredations committed at the time Captain Ways Troops, lay on this frontier or Armstrongs until the latter was removed over the River Alatomaha, Your petitioners humbly prays that your Excellency will take these considerations into view, and if it will not materially derange your Excellencys, plan of defence to order those Troops above mentioned to be posted as heretofore at Sillivants Station or at some other Plantation on this frontier, and your Petitioners as in duty bound will every pray
