I have Just receiv'd a Communication from Capt^d Wilkins at Fort Twiggs, in which he inform's Me, that he has Neither Ammunition Nor Camp Utencils, for the Use of the Guard at that Station, this is the third application of that Nature, I have receiv'd from Capt^d Wilkins, Since he has had the Command at that place, Notwithstanding On the first, which has been Several Weeks Since, I waigh-
ted On Your Excellency with the Same, who - promis'd they Shou'd be Supply'd;

I Now See the propriety of My former applycation of May last, that a deposit of ammunition, Shoud be Order'd by the Executive, to the County of Columbia, for the Use of the Regiment, When Call'd Out into Service, the former Guard with Lieutenant Ford, labour'd under the Same disadvantages, Only that they borrow'd of their Neighbours, the Militia Now Order'd out, to relieve the Guard, Under these Circumstances, I fear Will Move With Great reluctance, Especially as it is Suppos'd there is danger to be Apprehended from the Indians on the frontiers, by the proceedings of the late assembly, And Men With Empty Guns in their hands, wou'd Make but a Poor defence, against the Cruel design of the bloody Savages, who are wel (torn) and with plenty of ammunition to Execute their enrag'd Vengeance, My Next detachment Moves the 22^d Instant --

Sir!

In date of the 8th ultimo, I had the honor of transmitting to your Excellency by the post - mail a return of the militia Cavalry and Infantry garisoned and stationed in the Posts and Forts on my right - I now have that of anexing a similar return for Fort Twiggs and the White Bluff I also take the liberty of forwarding and recommanding to your Excellency's patronage the muster & pay Rolls of the Troop under my command For the month of November & December last past, together with my account against the United States for aprovisioning and aforaging the same during said term, and in which I have given credit for the hundred and fifty pounds of your Excellency's appropriation and which I have nearly exhausted in drafts on Captain Mariweather - The persons who have Supplied Since July last past, having as yet received but this very Small aid, have begun, long Since, to complain of labouring under great difficulties; and Major Albercumbey has Signified me he could hold out no longer than the 10th inst^t which will greatly embarrass me, unless it should please your Excellency to authorise me to draw on the Agent of Supplyes, or otherwise to provide.

From orders of Lieut. Col^o Gaither, Ensing Cubb called on me for an escort, the 27th inst^t on his way to muster the militia Infantry only, at the Posts your Excellency had ordered to be garisoned - As he had no instructions to take notice of the Troop under my command, I shall continue to muster it myself every two month at their respective Posts, untill it pleases your Excellency to order otherwise.

The Sickly Situation of the White Bluff and the low State of health of the men has induced Cornett Lamar to build his huts and Stables on a ridge two miles in the rear of that port, where the men have Since recovered their health and are rendered fitt for suty - last fall Cornet Lamar himself and the most part of his command were incapable of any service by Sickness.

For Sometime past the Indians have been hunting peaceably and undisturbed on their hunting-grounds adjacent to the Frontier Settlements, and a few days past a party of them applyed for trade at Captain Philips to W.^m Stewart & M^r Callister of this place - I am at a loss to know wether in its consequence it will contribute to or affect the tranquillity the Frontier people have a little while Since enjoyed in these parts - At any rate the weak Situation of the Posts will not admit of their being received in them.

I know of nothing more here worthy of your Excellency's notice - The political topick of conversation being all taken on reflexions and approvals concerning the Sale of the Western Territory -

Give me leave to assure your Excellency of the many respectful sentiments with which I have the honor to remain your Excellency's

The officers and men of the Troop under my command have requested me to petition your Excellency to add a Sadler to the artificers of the Troop, as their accoutrements will be benefited thereby - they also rely with confidence in your Excellency's patronage and influence to procure to them the pay due for their Services as soon as possible - it is now two years since they are in Service and have received as yet no compensation for them, which has prevented their being as well cloathed, armed & accoutered as they otherwise might have been

Savannah 23^d May 1795

Dear Sir,

Your Excellencys esteemed favor enclosing sundry Commissions for the Chatham Regiment, has been received and the objects, to which it alluded, have been pointedly attended to -

The Law for regulating the Militia makes it necessary, in addition to the Infantry Company, that a Grenadier or Fusilier Company shou'd be attached to each Regiment, and as the latter is most suitable to our climate, I have directions for the raising one which event took place a few days past as your Excellency will perceive by the enclosure, - the Company recruits fast, and will in a few days be complete - the officers & men are however anxious that validity shou'd be afforded their establishment. I have therefore to request your Excellency wou'd oblige me by forwarding the Commissions as soon as it may be convenient - the Company is now uniforming & will doubtless be a credit to our regiment -

I have just returned from Louisville the proceedings of the Convention your Excellency must ere now be fully informed of -

We have no news - Vigorous efforts are making by the Belligerent Powers -

Mrs. Tattnall begs her best respects may be offered your Excellency - With my best regards for Capt^s Watts & Merriweather - I remain with much respect & regard

HIS EXCELLENCY GOVERNOR MATHEWS

Greenesborough July 28th 1795

I have the honor of anexing a return of the Troop under my command for the month of June last past; it being the aggregate of the returns received from the different Posts.

The Creek Indians continue peaceable and oftentimes visit Capt. Zachariah Philips at the mouth of the Apalachia and Oconee rivers: An Indian who comes immediately from the nation gives to understand that the Creeks and Chicafaws have had an engagement at some of the Chicafaw towns, and altho' he is not explicit on the issue of that action; it seems the Chicafaws should have had the advantage - He also mentions that after their green-corn-dance is over, a great council of the warriors of the whole nation will convene for the purpose of devising on the measures and means of extirpating both at once and at one blow, the Chicafaw Indians and those of the inhabitants of the United States which forms the Cumberland settlements; he says no less than five or six thousand warriors will be employed on this expedition, and that it will take place this autumn -

Peter Williamson Esq^r was not determined whether to accept of the vacancy in the Troop under my command or an appointment in Captain Randolph's, where he went from this place; he said he would determine himself when he had the honor of seeing your Excellency

Tward the end of August or the beginning of September it will be necessary for me to take the liberty of applying again to your Excellency for a new supply of money, for the contractor's.

I have the honor to remain with profound respect, your Excellency's

A Return of Captain Jonas Fauche's Troop of militia Dragoons,
as Stationed at the following Posts: June 30th 1795

The absent with leave are chiefly from Fort Twiggs where there
is no comisioned officer; and the men having been so long with-
out pay, makes often the want of clothings an excuse to ask leave -
many obtained credit from Wm. Mahar & C^o but not enough to prevent
the Troop's being much in want now - The Season is uncomly sickly
in this quarter - Should there be any likelihood of the Troop under
my command attending the Treaty I should be extreemly thankful for
some week's warning, as I might use uncommon exertions to have the
men uniformed &c.

The deposition of Joseph Williams, Master of the Schooner Charlotte, of which the inclosed is a Copy, was sent to me by the British Charge' des Affaires at Philadelphia. The facts stated relative to the fitting out of the Privateer Ship unicorn in the United States and that two of her Officers Peter Marshall and George Rice, are American Citizens, I take it are already well known. These reasons and the outrage committed by them at Turks Island as well against a foreign nation as our own Ships and Citizens at that post require that particular vigilance be used to discover and seize that ship together with those and any other American Officers alike circumstanced, that they may be brought to justice, and the dignity of the laws and the good faith of the United States vindicated from the reproach to which they are exposed by the conduct of such unworthy Citizens I therefore pray your Excellency to take such measure as are proper for the Executive of Georgia to accomplish the object above mentioned. The additional evidence necessary for the conviction of the Offenders, will doubtless be found on board the Unicorn or may otherwise be collected.

His Excellency Governor Mathews

Augusta December 5th 1795

Sir!

During my absence from the Western Posts of this State I received Sunday applications for money from the persons who have heretofore Supplied the Troop under my command, and as I know the advances of those people are great comparatively with their capitals and credit I am confident they must labour under great inconveniences for want of cash - I therefore take the liberty of Solliciting from your Excellency the Support you will please to grant towards the relieving of those persons.

Your Excellency was plac^{ed} to intimate your intentions of continuing the Troop under my command untile the next Setting of the Legislature, but as the men's time will be up the 31st of this month and that some may wish to be discharged, I take the liberty of craving the favor to receive orders upon the mode of mustering the Troop that day - those who may wish their discharge may be reimplaced in my opinion.

I have the honor of remaining with profound respect,

your Excellency's Most humble and obed^t Servant

The Corn & Expences thereon, in the accounts of Augustine Harris & John McAllister, appear to be right from the best information we can collect.

The article of Corn in the accounts of Tho^s Kirkpatrick John Barnett & Buckner Harris, ought to be placed at four Shillings abushel, instead of the prices at which they stand charged, the whole quantity in these three last accounts being 2639 Bushels.

A Petition to his Excellency George Mathew Esq^r Governor
and commander In and Over the State of Georgia.

Humble Sheweth.

That Jacob Curnes was a cornet in the late Colerain Troop of horse, under the command of Cap^t John F. Randolph - That his attention, vigilance, military ability, skill and knowledge, has engaged the affection and friendship of the People of this County - That the said Jacob Curnes from Certain promises made him, by Cap^t John F. Randolph, and his wish to serve the County, and its Inhabitation. was prevailed on, and enduced, to raise the number of men apportioned, and directed by your Excellencys orders to be stationed at the Burnt Fort on Satillars River the frontiers of said county flattering himself, that he would have the care and Charge thereof - but as it has been your Excellencys will, and pleasure to make an appointment to fill the vacancy at said Station, and place. Not knowing the fatigue, trouble & Expence the said Curnes has been at, besides the loss of time, in influencing & prevailing with the men to engage in & serve at the said Station, where they have been for upwards of a month under his care and Charge - and presuming your Excellencys Goodness always introduce a desire, that every honest man should receive the advantages of his Labour, are from those circumstances prompted, and led to solicit your Excellency to give the said Jacob Curnes an appointment to fill the place intended for Elihu Hubbard (as he is absent from and without the State), or some other vacancy in the troops ordered

to be raised by your Excellency as the said Curnes has always
demeaned himself agreeable to Law & been obedient to his Su-
periors - And we as in duty bound will ever pray -
