Halscombe Thursday Aug 6th
1807

Sir

I enclose for your perusal a letter to me from Captain Cornich and the Subalterns of the Augusta Rangers requesting a line from your Honor to M.^r Meals Agent of the United States at that place for a continuation of a loan of fifty stand of Arms until the will of the Secretary of War can be known on the subject and on which they have solicited me to write to that Officer- As it is a handsome Corps established too on Republican principles shall I presume to request your honors indulging them

As Brigadier General Gunn is dead, the vacancy will be expected to be filled & which I beg leave to recommend done immediately that the Brigade may be organized which it very much wants- it is the right by seniority of L.^t Col Tattnall & a better Officer or man cannot be found not only in that district but the whole State.

Should such an appointment take place An election of a Col will be necessary

I am with respect & regard

You- honors Obed.^{nt} Serv.^{nt}

Jas Jackson

I should be glad to have Capt Cornichs letter returned after perusal

To His Excellency Jared Irwin Governor & Commander in Chief
of the State of Georgia

The memorial of the officers & privates Composing the
Company of Artillery of Jefferson County respectfully sheweth
that your memorialists having for Ten years past by the exercise
of artillery been preparing themselves for that service Generally
admitted of such utility for the defence of our Country and haveing
(we trust) from practice tolerably qualified ourselves for such
service, and having tendered our Voluntary service & constituting
the whole of that species of Troops regained from the Brigade to
which we are attach^d in the quota of this State of the Hundred
thousand Troops to be held in rediness for the service of the
United States. We therefore feal it not only degrading to our
own feelings as Soldiers but highly injurious to the service of
our country at this crisis to be disarm^d or to be deprived of the
piece of Ordnance placed in our hands by a former Commander in
Chief of the first Organization of this Company and which (we trust)
we ever have and ever should use with fidelity. To be now deprived
of our arms will no doubt causeadissolution of the Company and turn
the members thereof into a different kind of service with which
they have had no opportunity to make themselves acquainted & and
the service of our Country of course must be injured should a call
be made for the service for which we have Volunteer^d.

Under

those considerations and for the furtherance of our Country's
weal we pray your Excellency to continue the piece in our
possession in which case we pledge ourselves it shall be used
with promptness and fidelity at our Country's call and your
memorialist^s will pray &c &c

Dr Sir

On the 27th October last I put into the Post Office of this Place a Letter addressed to your Excellency, inclosing a return of an Election for a Captain in the 30th District Company of this County, owing to an Error in the returns of the different Companies it was stated in the Return as the 32^d this is the Company lately Commanded by Maj^r Johnston, I will thank you to forward me the Commission being the successful Candidate as soon as possible as also those for the Lieutenant & Ensign for the said Company which return was forwarded you abt ten Days ago, I also beg leave to Inclose you my Commission that I held as Ensign in said Company, and hope that your Excellency will send the other as soon as possible either to me or Maj^r Johnston as the situation of our Country requires that no time ought to be lost by either Men & Officers to prepare themselves for that important Crisis which in a few weeks must take place - -

I beg leave at the same time Sir to tender my Services to my Country through you in any Manner they may want them,

With due Respect I Remain

25th January 1808.

D^r. Sir,

Major Hutchinson has reported to the bar of this place, that you have reserved the appointment of Attorney General for consideration, & that in the mean time you wished to hear further from us on that subject. We recommended James St. John Esq. from a conviction that he was a man of learning & integrity, & that he would discharge the duties of the office with just propriety. I trust that your Excellency will believe, that I am among the last that would recommend to you a measure that could not be justified on the strictest principles. We had no intention of dictating what you should do, but inasmuch as you had expressed a wish to obtain our recommendation, in the appointment of a Judge, we thot it might also be agreeable, to recommend a fit person for Attorney General. I believe there is no one in this District that would give more satisfaction to the bar than M^r. St. John, & I will be responsible for his good conduct & justice towards the public.

It is difficult to get the bar together on this Subject again, but as many as are in place have subscribed a letter to you which will arrive with this mail.

Well knowing the purity of your Excellencies motives, I shall be content with what you may do in this regard.

I am with great respect & personal esteem, Sir, Y^r. Mo. Ob't. Sert.

The image is a high-contrast, black and white scan of a document page. It features a grid-like structure, possibly a ledger or a form, with various columns and rows. The page is heavily degraded, showing significant noise, artifacts, and a large, dark, irregular shape in the center, suggesting a scan of a physical document with a large stain or damage. The text is mostly illegible due to the noise and artifacts. There are some faint, scattered characters and symbols visible, but they do not form coherent text. The overall appearance is that of a corrupted or damaged scan of a document.

This image shows a blank, aged, cream-colored page, likely an endpaper or flyleaf of a book. The paper has a slightly textured appearance with some minor discoloration and faint, illegible markings, possibly from the reverse side or due to age. The left edge of the page shows the binding of the book, and the overall tone is warm and vintage.

In conformity to a Resolution of the General Assembly your Excellency has the appointment of Commissioner to proceed to the Creek Nation to demand Negroes &c taken from the Citizens of the State agreeably to Treaty. - This being the case I leave to recommend Captain John Whitehead to your attention and I declare should your Excellency appoint him as one of the Commissioners, it is my opinion Georgia will be benefited thereby. Captain Whitehead has a number of Negroes in the Nation, and was from good policy appointed Commissioner at the period of Governor Jackson's Administration. -

I last evening returned home from a tour Round the County in performing the duties assign^d me by a late Executive appointment as Collector of the public Tax for the three past years. - I find a number of persons applying to pay their public Tax who has not given in their returns. Especially in Capt^m Cliftens district - they several of them proffer to make oath that they attended at the place for receiving returns, and one day before the day Express in the advertisement that when they came the advertisement was down and no person could positively tell them the day - These men I conceive good Citizens and Express a wish to pay in their mite for the support of Government - I Beg leave to suggest one or two things more to your Excellency--

Doctor H. Shendon Esqr. a gentleman of high respect ability in this place, is return^d as a defaulter - the Doctor Came into this County sometime in the fall of 1806 But to my knowledge never acted as a phisician till last May But in the time Before the receiver had compleated his Business the Doc^r applied to give in his return the receiver answered that another time wou^d do. - and after this did not it appears for some reason give in his return-----

Now Sir, whether the Doc^r is Liable to pay Tax as a phisician for that year-- when he never practis^d phisic in this County till May as above stated I^m at a Loss -- again I shall if no advirse providence Compleat my Business By the 15th of next month. Except I shou^d have to destrain by Execution and as I wish to settle with the treasurer as soon as I

possibly can I wish to be supplied with the names of defaulters of which I have not been supplied as the receiver has removed out of this, to Wilkeson County I have thought it Best to apply through your Excellency to the Comptroller, with whom I suppose the Collector has deposited those names-- I shall think my self much oblig'd By your Excellency, if Sir, you will furnish me with information from what I have now stated-- that I may go on and complete the Business of my appointment. - And Sir if the acts and Journals of the last Legislature are printed I shall take it as a singular favour if you will send me one copy of each as the people of this County in my Journeying among them are constantly calling on me for information ---

Your Excellency if so dispos'd Can answer me by Ezekiel Stafford Esqr-

Dear Sir

I inclose you an extra sheet from one of the presses of our city... containing news of much interest & moment. Our foreign relations appear to have arrived at an eventfull crises. The Belligerents have entirely thrown of the mask & are pelting at our commerce without mercy..... We must now have war or submit to an annihilation of our Commercial intercourse.... The iniquity of conduct exercised towards us rests equally upon Great Britain & France.... they are severally trying which can do us the most injury.

The latest news from Washington is contain'd in a letter from Milledgeville to Judge Stephens of the place in which he says under date of the 29th ulto "War with Great Britain is enevitable."

Presuming that at the present juncture of affairs any late intelligence would be acceptable to you, I have taken the liberty of addressing you - Be pleas'd to present My Comp. to Mr. Ferris & family. I remain with high consideration

Dear Sir

I have the pleasure to inform you that I accomplished my return Journey on Tuesday last, when I had the pleasure to find my family in the full enjoyment of their usual Good Health, A Blessing that I sincerely hope you and yours participate in at present

We have scarcely anything in this Quarter of a political Nature worth Communicating, the Public mind is on the stretch to fathom the result of Consequences in Embryo, many speculative opinions are hazarded without any Grounds to Justify them: It seems by the last accounts that M^r Rose, has at a late interview with our Minister M^r Madison. In order to ascertain his precise situation, put the following Question "supposing Sir: that I should now in the name of my Government, offer yours, proper and ample reparation for the affair of the Chesapeake, and suppose the reparation for the affair of the Chesapeake, and suppose the reparation to be perfectly Satisfactory, am I to understand that this being done and accepted by the American Government, would the president recall the proclamation Interdicting British Ships of War from your ports, and Harbours." To which it appears that M^r Madison replied "I tell you frankly Sir, that the president would not, The attack on the Chesapeake is by no means Considered by us as the sole cause of Complaint. The proclamation is therefore not to be rescinded till all cause of Complaint is removed."

If this Statement is entitled to Credit the Embargo will not be raised very soon, Indeed it would be folly in the extreme &c

Betray a want of firmness in our Government, were they to relinquish the measure they have taken, before the object for which it was adopted is accomplished, or in other words before the Decrees of France, & England, are so modified as to promise Some Security to our Commercial Interest, and respect to our National Flag.

Not long since Gun Boat N. 2. Commanded by Capt Elbert was sent to the port of S^t Mary's for protection, and to enforce obedience to the Embargo Act, as it was pretty Generally understood that much illicit Commerce was Carried on under Cover of Night, and Spanish water, when the Gun Boat arrived.

The Brig. Ploughboy, and a Sloop lay in the mouth of Amelia River, in the Jurisdictional Limits of his Catholic Majesty, and was by Stealth necessary articles of produce for a foreign port not supposing themselves Controulable by the Embassy Act. Capt. Elbert Knowing that they must Come into S^t Marys River, in order to put to Sea, had determined to detain Them, he however, became impatient for the arival of such an opportunity & on Tuesday last, Boarded the two vessels and put 6 men in each to bring them over to the american side, the bringing over the sloop was effected but the Brig Grounded on Amelia (where she Still layes, & it is probable will be lost.) The Commandant of the Spanish Garrison ~~Sent~~ and demanded of Capt Elbert whether the U. S. was at war with Spain, to which he answered they were not. The Commandant, Boarded the Brig and made the prisoners of the Guard from the Gun Boat and Seemed determined to send them in Irons to

St Augustine.

The Lieut. of Gun B. and a few men went to the Garrison and had addressed enough to obtain a release of their men without difficulty. The Sloop is still held by Capt E. who says he has orders for this Strange procedure, it has occasioned much agitation, and Confusion at St Marys, it will tend to interrupt that harmony, and Confidence that Existed Between the people of the two Governments, unless matters can be satisfactorily Explained.

We have had fine Seasons, which the planters are industriously embracing let who will reap.

I trust you will have the goodness to excuse this long letter. Accept the tender of my best wishes for the health and happiness of yourself and family, &c. I have the honor to be your Excellencys

Sir }

At this important crisis of our national affairs when danger threatens the peace and prosperity of our country when foreign insolence and rapine have deeply wounded our national honor, and injured our lawful commerce; a number of patriotic young gentlemen in this City and native of Georgia, actuated by a zeal which does them honor have agreed to form themselves into a Uniform Corps, the better to qualify themselves for the duty of Soldiers whenever their service may be required.

From some recent circumstances of a similar nature which have occurred, it has been intimated that your Excellency would not sanction the organization of this Corps; in order therefore to aid as far as possible the exertion of those Gentlemen to overcome any difficulties which may attend the establishment, and make it a source of public benefit, I beg leave to premise some remarks which I trust will show that this Company ought to be encourgaed.

The first Batt.ⁿ of this Reg.^t has the two Volunteer Companies already organized, attached to it, and the Battalion which I command has none although the 4th Sec. of the U. States Militia Law allows every Battalion one light Company.

Each Company in my Battalion consists on an average of at least fifteen more than the Law requires. Consequently this new Comp.^y cannot injure the other.- And here permit me to observe that three fourths of the Members composing this new comp.^y seldom or never do Militia duty. preferring the payment of their fines to turning out.

In the event of the other Volunteer Companies in this City being called into service (as constituting part of the quota) we ought to have at least one Company of that description left: for experience proves that Militia Camps however brave are not calculated for any sudden emergency, being destitute of Arms and ammunition.

If this first attempt to raise a Company consisting wholly of Georgian is patronized it will stimulate many young Men to become Members - and serviceable in a military capacity, who, never would turn out on ordinary occasions; and if unhappily we should be driven into hostility, by the injustice and insatiable ambition of any power-, it will be a pleasing reflection to you, to be instrumental in preparing us for the contest.

Accept Sir my sincere and ardent wishes for your public prosperity and private happiness

And remain Sir, Y^r Ob^t &

Sir

I had this honor on the 26.th Feb^y last requesting of your excellency to include the Chatham Rangers in the levy of men for the service of the U; States, - since when I have rec.^d a communication from B. Gen^l Floyd stating your opinion on that subject -

It is more than probable that in the event of your Excellency's calling forth those whose names, have been returned, the number of delinquents, will render an additional levy necessary, in which case I presume the C. Rangers would from their repeated offers, be considered as bound to adhere thereto - from this impression, & the fact of their having on 7.th July last part, caused their services to be offer'd to your Excellency, & since to Gen. Floyd, I consider them as much pledged to your Excellency as those who have been returned - and don't consider myself at liberty to permit any of those who subscribed the list, (now in my possession, authorising their Officers to tender their services in defence of their Country,) to resign their membership, or to remove to any other company - I conceive them as a Body of Volunteers subject to your Excellency's call, who alone has authority to release them, & brigadier Generals.

I have therefore to pray of your Excellency, to cause me to be instructed as soon as convenient, whether I have, or not, formed a correct opinion of the situation of the men I have the honor to command - so as I may conform to your Excellency's pleasure.

Dear Sir,

I should have wrote you immediately on my arrival at this place from the City of Washington, but I found M^{rs} Milledge so very ill that my mind has been in a state of constant uneasiness ever since,

This day M^r Robertson called to see me and who will hand you this letter. he got to Sav^h with the arms in good order on the 18th instant from the City of Phil^a, 4000, and deposited them with Mess^{rs} Bacon & Malone Factors of Savannah, I presume you have received an order from the Sectry at war on the Military agent in Sav^h for the delivery of 2000 Stand making in the whole from the U S. 5000 - I think it would be as well at present to purchase about half the quantity of gun powder mentioned in the act however as to that, you will best determine, my reason is, that in the course of a year or two powder loses its strength and no relyance can be placed on it, on that account the Gen^l Government as well as the respective States purchase Salt petre, Sulphur &c and have proper charcoal on hand so as to make powder, when they apprehend it may be wanted. A Powder Machine near the seat of Government belonging to the State would be very proper, or Individuals encouraged by the Government to erect a mill for the purpose of making powder - we could then always have powder fresh and full of strength in which confidence could be placed. flints and lead I should suppose with powder, can be supplied our Government by any of the Factors in Sav^h on better terms than employing a person to obtain them either in Phil^a or New York - I would recommend your employing M^r Coxie to precure the Swords & Pistols, they are well made in Phil^a and I imagine on better terms than they

77
can be got at any other place,-- Mr. Robertson will give you some
information in regard to the ordnance

I am Dear Sir, with great regard

Sir,

I have the pleasure to inform your Excellency that I arrived in this place last evening, and this morning entered into an agreement with Captain John M^cKinnon (a copy of which is herewith enclosed) for his Boat, which will be in Savannah on Wednesday next. - I shall take the Stage tomorrow and arrive in Savannah on Thursday morning in time, I hope to have the Boat Loaded this week - - If I meet with no impediment, there is a flattering prospect of my having the arms and so forth, at the arsenal much sooner than contemplated - - Col^o. Milledge has been down for upwards of a week and probably has or will make some arrangement with respect to the one thousand Stand in the possession of the U. S. military agent. When I once more ship the arms I shall further inform your Excellency

Sir, Understanding from W^m Robertson Esq^r that the arms for this state will shortly pass thro^o this place, I have taken the Liberty of renewing my former request and trust that your Excellency will permit the secretary to deliver me a sufficient quantity for the arming of a complete company - The number of arms I have already drawn is Thirty, and are now all in excellent order - The Company under my Command Consists at present of Fifty men in Complete Uniform, Consequently, have to make use of such arms as can be procured, some of them shott Gunns, Fuzees &c and numbers of them by no means calculated for an ounce Ball, with bad locks and Bayonets deficient - Which tends to retard the growth & increasing prosperity of the Corps -

Having made a tender of our services, on any emergency when call'd on, we should feel disagreeably situated, as respects the condition of a number of the arms if we should be call'd into actual service.- I hope & trust your Excellency will see the Justness and propriety of this request - To have the arms to correspond, in a volunteer corps is most essentially necessary, and of that description which will place confidence in the men who have to use them - By your Excellency's consenting to our retaining a sufficiency for a full company (which I am confident will soon be the case) I will have those formerly drawn, packed up in complete order and forwarded on with the rest to the Public Arsenal - I am with Due respect

Agreeable to the late regulations respecting the importation of provisions &^c into certain districts of the United States from other parts of the same We beg leave to represent to Your Excellency that we have been in the habit of supplying many of the plantations in the Neighbourhood and the inhabitants of this Place both with provisions & cloathing &^c and that the stock of most of these articles is now exhausted, or nearly so, which reduces the place to considerable inconveniency and must soon be very severely felt unless a new supply is allowed to be imported

We therefore take the liberty to solicit the privilege of bringing an assorted Cargo from Philadelphia in our Schooner Ditty Ann, now on her way from Savannah to that Port & consigned to Mess^{rs}. Maclure & Robertsons, and that during the existence of the present circumstances, we may be allowed to exercise this privilege whenever the situation of the market may render it necessary, and this necessity (if you please) to be determined by the Collector and Judges of the inferior Court of this County

This we merely take the liberty to suggest as the most eligible mode to prevent abuse (if apprehended) and save your Excellency the trouble of repeated applications &^c

Dear Sir

General Twiggs I presume informed your Excellency, at Athens, of there being a little uneasiness at Negroes. having the possession of so great a number of Guns, and that with his advise and General orders I took an officer and six men, well armed, and descended the river in Two cannoes - I met the Boat the Second day at night all safe and returned with them.

In storeing the boxes in the Court-House I found them of such ~~emense~~ weight as to bend the floor in a small degree, which obliged me to store the HH^ds of Cartouch Boxes with Mess^{rs} M^c-Kinnir & Co.

On Monday last I met with four waggons (Three of them belonging to M^r. Gordan of Jefferson) and employed them in carrying the Boxes of of Guns from this to Louisville - Altho I have not been informed by your Excellency of the appointment of the Lieutenant of the arsenal. I concluded that if the room, should not be in readiness to have them stocked or otherwise arranged they could be as safely deposited as they are now. and I find it more difficult to employ waggons at the price than I contemplated, it would still be more so, if it was supposed I was compelled to have them sent to the arsenal by any given time.

These waggons are employed at \$15.00 per Load - each waggon carrying Eight Boxes, computed to weigh 2640.

I shall be obliged to have one of them constructed for the express purpose of carrying the HH^ds of Cartouch Boxes, They being of such bulk that a common waggon - body can only take two of them. -

I calculate one load in five days and with the addition of

two or three more Waggons I hope to have all carried by the first of September.

I gave Mess^{rs} M^c Kennir & Co. a draft on your Excellency for \$324 - it being the amount of freight from Savannah - Should it be convenient they wish the warrant handed to whom may present the draft as the Tax Collector of this county can accommodate with the money. -

Pleased with the hope that your Excellency & family may enjoy Health.
